

303® Fabric Cleaner™ Instructions

303® Fabric Cleaner

New cleaning technology safely removes difficult stains: Dirt, oil, grease, coffee, tea, ink, juice, wine & pet stains. 303® Fabric Cleaner can be used full strength or diluted with water on all water-safe textiles, including clothing, acrylic fabrics, and window coverings. Not for silks or dry-clean items.

Removing Spots/Stains:

Use full strength or up to 30-1 dilution with water.

Spray on spot until wet. Agitate with a medium-soft brush or wet cloth.

Wipe up stain and excess cleaner with a damp cloth, rinsing out cloth in clean water as necessary.

Let fabric dry.

General Cleaning:

Add ½ cup or more 303® Fabric Cleaner to 1 gallon warm water.

Apply with brush, cloth or sprayer. Wipe clean with a damp cloth as described above or rinse thoroughly with water.

Let dry.

Machine Extraction:

For professional cleaning equipment, add 1-3 oz. of 303® Fabric Cleaner to a gallon of warm water.

Outdoor Fabrics:

Rinse fabric with water. Use ½ cup or more 303® Fabric Cleaner in one gallon of warm water (approx. 100°F).

Spray or brush on. Allow to penetrate.

Agitate, rinse thoroughly.

For heavier soils, increase agitation and soak time.

Repeat if necessary.

Removing mildew from Sunbrella® brand fabrics:

Add ½ cup (4 oz) of non-chlorine bleach to the cleaner solution and soak fabric for approximately 20 minutes. Agitate & rinse thoroughly. Caution: Excessive soaking in bleach can deteriorate sewing threads. For mildew and special cleaning problems on other fabrics, contact the fabric manufacturer.

KEEP OUT OF REACH OF CHILDREN. STORE & USE ABOVE FREEZING

All 303® products are guaranteed when used as directed.
